## Digital Sponsorships

The World Ag Expo® website houses the official exhibitor directory, floor plan, and show planner attendees use to find new products and services while planning their visit to the show. It is the only complete resource for exhibitor information that is updated in real time before, during, and after the show.

Between the website, mobile app and email communications, you won't want to miss out on one of our digital sponsorships. There's **no easier way** to get in front of World Ag Expo® visitors.

# Get Noticed.

## VISIBILITY

Create a competitive advantage by moving your company to the top of search results when attendees search for keywords and product categories relevant to your company. Additionally, you can highlight your booth on the floor plan and strategically locate content for maximum visibility. Regardless of your booth size or location, it's easy to stand out online and on the mobile app.

## CONTENT

Our model allows you to upload your company logo, product images, descriptions, press releases, and videos to the event website. Three out of four attendees decide which exhibitors to see before they even get to the show. This is your opportunity to showcase your products and services to ensure your booth is on their list. Our Exhibitor Dashboard allows you to upload, edit, delete and refresh your advertising content as often as you like throughout the show cycle.

## LEAD GENERATION

Attendees use the Exhibitor Directory and floor plan to create a list of exhibitors they want to visit at the show. As they add your booth to their show planners, you will receive access to their contact information and you can reach out to this list of leads at any time before, during, and after the show.

More visibility + more content = **more leads.**
